

## REACH Declaration

Danisense A/S  
Malervej 10  
DK-2630 Taastrup  
Denmark

Danisense A/S hereby certifies that the products manufactured or supplied by Danisense comply with the applicable requirements of European Union Regulation (EC) No. 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH).

The purpose of the REACH regulation is to ensure a high level of protection for human health and the environment against risks posed by chemical substances. Pursuant to Article 33(1), suppliers of articles containing Substances of Very High Concern (SVHC) on the Candidate List in concentrations above 0.1% weight by weight (w/w) must provide customers with sufficient information to ensure safe use of the articles.

Danisense A/S is an independent company specializing in the development, manufacturing, and marketing of high-precision current measurement transducers. Our products are non-chemical goods, and under normal and foreseeable conditions of use, they do not intentionally release any substances.

Based on information from our suppliers and to the best of our knowledge, the products supplied by Danisense A/S **do not contain any SVHC above 0.1% w/w**, in accordance with the **SVHC Candidate List published by ECHA, updated January 2026**.

To ensure continued compliance, Danisense A/S:

- Continuous monitor updates to the SVHC Candidate List
- Evaluation changes to **Annex XIV (Authorisation List)**
- Evaluation changes to **Annex XVII (Restrictions)**

This declaration is issued in good faith based on the best available information at the time of publication. It remains valid until significant regulatory changes occur or a new version is released.
